Professional Summary

Data Analyst and Industrial Engineer with more than **10 years of professional experience** analyzing operational data, generating statistical indicators, developing dashboards, forecasting demand, and supporting decision-making through data-driven solutions.

Experienced in **Python, R, SQL, Excel and Power BI**, with strong knowledge of database management, data cleaning, exploratory data analysis, statistical modeling, time series forecasting, and KPI reporting.

Currently pursuing a **Master's Degree in Data Science**, applying statistical and machine learning techniques to forecasting, business intelligence, operational analytics, and predictive modeling.

Professional Experience

Data Analyst – IT Metrics Team | Softtek

October 2024 – Present

Key Achievements

- Processed and analyzed operational datasets using Python, SQL and Excel.
- Developed forecasting models using Prophet, ARIMA, Holt-Winters and XGBoost.
- Created Power BI dashboards for operational monitoring and KPI analysis.
- Automated reporting processes using Python.
- Applied anomaly detection techniques to identify operational deviations.
- Produced statistical reports supporting business decision-making.

Process Quality Leader | Softtek

August 2019 – September 2024

Key Achievements

- Generated operational indicators and statistical reports for executive management.
- Processed large operational datasets supporting continuous improvement initiatives.
- Developed forecasting models for demand planning and workload estimation.
- Built Power BI dashboards for monitoring KPIs and business performance.
- Performed data quality analysis and reporting validation.
- Automated data extraction and reporting using Python.
- Collaborated with multidisciplinary teams to improve data quality and analytical reporting.

Quality Analyst Compliance | Softtek

Key Achievements

- Developed Power BI dashboards for operational reporting.
- Managed databases supporting compliance and operational analysis.
- Generated analytical reports for management decision-making.
- Conducted data validation and quality reviews.
- Collaborated with international teams across Mexico, USA, Spain, India and Colombia.

Technical Skills

Statistical Analysis

Statistical Analysis • Exploratory Data Analysis (EDA) • Data Cleaning • Data Validation • Statistical Reporting • Time Series Analysis • Forecasting • KPI Development

Business Intelligence & Governance

Business Intelligence • KPI Reporting • Data Modeling • Risk Analytics • Governance • Business Controls • Compliance Reporting • Internal Controls • Audit Readiness • Forecasting

Programming & Analytics

Python • SQL • SQLite • R • Pandas • NumPy • Scikit-learn • XGBoost • Prophet

Visualization

Power BI • Tableau • Plotly • Matplotlib • ggplot2 • Highcharts

Business Tools

Microsoft Excel (Advanced) • Power Query • PowerPoint

Education

INFOTEC

Master's Degree in Data Science and Information *(Currently Enrolled)* [Credential](#)

Tecnológico Nacional de México

Bachelor's Degree in Industrial Engineering

Certifications

Kaggle

- Kaggle – [Intro to SQL](#)
- Kaggle – [Intro to Machine Learning](#)
- Kaggle – [Intermediate Machine Learning](#)

- Kaggle – [Pandas](#)
- Kaggle – [Data Visualization](#)
- Kaggle – [Time Series](#)
- Kaggle – [Data Cleaning](#)
- Kaggle – [Feature Engineering](#)

Additional Certifications

- Udemy - [Mathematics and Statistics for Machine Learning](#)
 - Simplilearn - [Data Science with Python](#)
 - Simplilearn - [Data Science with R](#)
 - Softtek - [Interpretation of the Standard & Internal Auditor for ISO/IEC 20000](#)
 - Axelos - [ITIL v3 Foundation Certification](#)
-

Languages

- Spanish — Native
 - English — Intermediate (B1)
