Professional Summary

Data Analyst with over **10 years of experience** delivering Business Intelligence, governance, compliance, operational controls, KPI reporting, forecasting, and analytics within enterprise IT operations.

Experienced developing **Power BI dashboards**, SQL-based analytics, forecasting models, operational reporting, and business intelligence solutions that support strategic decision-making.

Strong background collaborating with cross-functional stakeholders, translating business requirements into analytical solutions, and driving continuous improvement using **Python, SQL, Excel, and Power BI**.

Professional Experience

Data Analyst – IT Metrics Team | Softtek

October 2024 – Present

- Developed predictive forecasting models using **Prophet** and **XGBoost** supporting infrastructure planning and operational risk management.
- Built **Power BI** and **Python** dashboards monitoring operational KPIs, business performance, control effectiveness, and risk indicators.
- Developed anomaly detection solutions combining descriptive analytics and machine learning to identify operational outliers and emerging risks.
- Partnered with business stakeholders translating business requirements into governance-focused analytical solutions supporting strategic decisions.

Process Quality Leader | Softtek

August 2019 – September 2024

- Supported governance and compliance initiatives aligned with **ISO/IEC 20000** across global IT operations.
- Developed forecasting models using **ARIMA, Prophet, Holt-Winters**, and **XGBoost** supporting operational planning and resource allocation.
- Built interactive **Power BI** dashboards monitoring compliance metrics, KPIs, operational performance, and customer satisfaction.
- Delivered governance reporting supporting operational controls, compliance monitoring, and continuous improvement.
- Supported internal and external audits through documentation, evidence collection, corrective action follow-up, and process monitoring.
- Automated reporting and survey analysis using Python, improving reporting consistency and efficiency.

Quality Analyst Compliance | Softtek

September 2015 – August 2019

- Developed **Power BI** dashboards supporting governance and compliance reporting.
- Conducted operational assessments, control evaluations, and risk identification across enterprise IT operations.
- Supported multinational teams located in Mexico, Spain, India, Colombia, and the United States.

Technical Skills

Business Intelligence & Governance

Business Intelligence • KPI Reporting • Data Modeling • Risk Analytics • Governance • Business Controls • Compliance Reporting • Internal Controls • Audit Readiness • Forecasting

Programming & Analytics

Python • SQL • SQLite • R • Pandas • NumPy • Scikit-learn • XGBoost • Prophet

Visualization

Power BI • Tableau • Plotly • Matplotlib • ggplot2 • Highcharts

Business Tools

Microsoft Excel (Advanced) • Power Query • PowerPoint

Education

INFOTEC

Master's Degree in Data Science and Information *(Currently Enrolled)* [Credential](#)

Tecnológico Nacional de México

Bachelor's Degree in Industrial Engineering

Certifications

Kaggle

- Kaggle – [Intro to SQL](#)
- Kaggle – [Intro to Machine Learning](#)
- Kaggle – [Intermediate Machine Learning](#)
- Kaggle – [Pandas](#)
- Kaggle – [Data Visualization](#)
- Kaggle – [Time Series](#)
- Kaggle – [Data Cleaning](#)
- Kaggle – [Feature Engineering](#)

Additional Certifications

- Udemy - [Mathematics and Statistics for Machine Learning](#)

- Simplilearn - [Data Science with Python](#)
 - Simplilearn - [Data Science with R](#)
 - Softtek - [Interpretation of the Standard & Internal Auditor for ISO/IEC 20000](#)
 - Axelos - [ITIL v3 Foundation Certification](#)
-

Languages

- Spanish — Native
 - English — Intermediate (B1)
